

Static dryer with 6 drawers: mod. Jolly

Static dryer with 6 drawers for drying prints made with water or solvent-free inks.

Built entirely in painted metal it's composed of six drawers sliding on ball bearings with a control panel incorporating a thermostat for temperature control. It's equipped with a digital timer, a temperature controller and also has acoustic alarm functions.

The heating is done through the use of electric heaters and warm air moves vertically through channels, to ensure an even distribution through all the drawers.

Technical data

Electric Power	6,5 KW
Power supply	380 V + neutro
Max working temp	160 C.
Tray Size	700 x 700 x 70 mm.
Number of Drawers	6
Size	1350 x 1160 x 1560 mm
Weight	180 Kg
